Best Buys in Central Air Conditioners

Air conditioner Best Buys were selected on the basis of energy efficiency, noise level, features and brand reliability.

All air conditioner Best Buys come in a series of sizes, use the environmentally friendly R-410A refrigerant and are Energy Star-listed.

Central air conditioners use a Seasonal Energy Efficiency Ratio (SEER) rating.

Central Air Conditioners

Coleman Echelon 5T®

This model's unique swept-wing fan design moves air smoothly off the blade with minimal turbulence to contribute to quieter operation from the system's exterior condensing unit. A two-stage compressor helps deliver uniform distribution of cool air within the home. Two-speed operation minimizes energy consumption during mild weather.

Coleman Echelon 5T®

Features:

- * Output: 24,000 to 60,000 BTU/hr.
- * Peak efficiency: 15 SEER
- * Warranty: 10-yr. compressor; 5-yr. parts

Coleman® Echelon™ 5T Series 15+ SEER Air Conditioning System

Consumers Digest Best Buy Rating

You get a feeling of assurance when you see the Consumers Digest Best Buy Seal. You'll get that same feeling when you buy a Coleman® Echelon™ 5T Series 15+ SEER air conditioner, because it's earned the prestigious Consumers Digest Best Buy rating! To give your special moments the comfort they deserve, Echelon 5T Series systems deliver consistent air flow, high indoor air quality, and quiet operation. Plus, you get one of the most rugged and reliable designs in the industry. From breakfast time to family time to bed time, a new Coleman® system will make every day feel great!

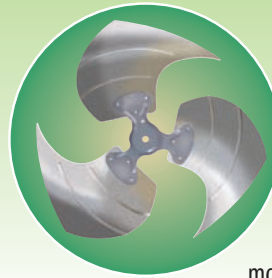

Comfort with a conscience—and a tax credit

The Coleman® Echelon 5T model proudly carries the ENERGY STAR® logo, awarded by the Department of Energy and the Environmental Protection Agency for saving energy and the environment. You'll feel good knowing your Echelon unit is available with environmentally friendly R-410A refrigerant. Plus, an Echelon 5T unit qualifies for Federal tax credits worth hundreds of dollars!

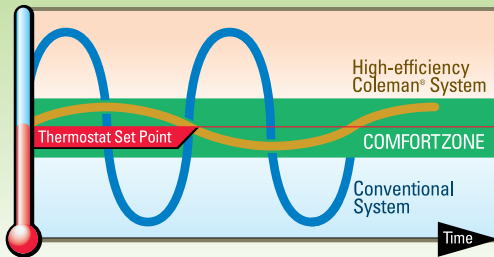

A quiet revolution in fan design

WhisperDrive™

The new WhisperDrive™ System utilizes a swept-wing fan design, isolated compressor compartment, composite base pan, and high-efficiency compressor technology to provide quieter operation and more energy-efficient performance.

Consistent comfort at every stage

You'll always stay comfortable with our 5T unit's two-stage compressor. Conventional systems swing from high to low, but our design ensures even temperatures within your comfort zone.

Less noise, more comfort

Enjoy peace and quiet with your Echelon unit's sound-dampening design. We use the quietest compressor available and enclose it in an isolated, composite cabinet. Sleek fan design and smooth air flow make an Echelon system so silent, you may never notice it's running.

Warrantied for years of comfort

Every Coleman® system is backed with the best limited warranties available:

Standard Warranty (10 years on total parts and labor coverage can be purchased separately)

5 years on parts,
10 years on compressor.

5T Total Package Warranty (with purchase of approved matching furnace or air handler and coil)

10 years on parts,
lifetime on compressor.
